CENTER FOR DRUG EVALUATION AND RESEARCH

Application Number: 40-298

APPROVAL LETTER

LED 28 (388)

Mylan Pharmaceuticals Inc. Attention: Frank R. Sisto 781 Chestnut Ridge Road P.O. Box 4310 Morgantown, WV 26504-4310

Dear Sir:

This is in reference to your abbreviated new drug application dated February 27, 1998, submitted pursuant to Section 505(j) of the Federal Food, Drug, and Cosmetic Act, for Extended Phenytoin Sodium Capsules USP, 100 mg.

Reference is also made to your amendments dated June 25, September 28 (2 submissions), November 20, December 9, 15 and 16 1998.

We have completed the review of this abbreviated application and have concluded that the drug is safe and effective for use as recommended in the submitted labeling. Accordingly, the application is approved. The Division of Bioequivalence has determined your Extended Phenytoin Sodium Capsules USP, 100 mg, to be bioequivalent and, therefore, therapeutically equivalent to the listed drug (Dilantin Kapseals, 100 mg, of Parke Davis). Your dissolution testing should be incorporated into the stability and quality control program using the same method proposed in your application.

Under 21 CFR 314.70, certain changes in the conditions described in this abbreviated application require an approved supplemental application before the change may be made.

Post-marketing reporting requirements for this abbreviated application are set forth in 21 CFR 314.80-81 and 314.98. The Office of Generic Drugs should be advised of any change in the marketing status of this drug.

We request that you submit, in duplicate, any proposed advertising or promotional copy which you intend to use in your initial advertising or promotional campaigns. Please submit all proposed materials in draft or mock-up form, not final print.

Submit both copies together with a copy of the proposed or final printed labeling to the Division of Drug Marketing, Advertising, and Communications (HFD-40). Please do not use Form FD-2253 (Transmittal of Advertisements and Promotional Labeling for Drugs for Human Use) for this initial submission.

We call your attention to 21 CFR 314.81(b)(3) which requires that materials for any subsequent advertising or promotional campaign be submitted to our Division of Drug Marketing, Advertising, and Communications (HFD-40) with a completed Form FD-2253 at the time of their initial use.

Sincerely yours,

/S/

Roger L. Williams, M.D.

Deputy Center Director for Pharmaceutical Science Center for Drug Evaluation and Research
